# Fort Hays Furlough: A Weekend of Fun

Plans are currently under way for the Fort Hays Furlough, a weekend of fun to raise scholarship funds.

Approved by the Student Council and under the direction of Kent Collier, executive secretary of the Endowment Assn., the Fort Hays Furlough is a series of events which will take place during the weekend of May 1 and 2.

The idea for such a weekend originated when various members of FHS went to Indiana University to observe a similar program.

"This was a program based on several ideas, but the main one and most important was to allow the students to participate in a weekend of various types of competitive events, some of which have an admission charge," explained Collier.

In selecting the name for the weekend, committee members considered the historical background of Fort Hays and also looked for a title denoting fun. Thus they chose "Fort Hays Furlough."

Collier explained that the weekend will be beneficial to students in at least two ways. The first and most important benefit will be the money collected for scholarships.

Secondly, events will be consolidated into one weekend of activity, allowing students more free time to study at other times. People who live distances away will also be able to come for one short time period for many events.

"Selling a new idea is a very difficult task. After convincing students, it is necessary to sell the public," said Collier. "To make this event what it should be will take the cooperation of many people. At this time we are asking for student volunteers to work on the various committees for the weekend. Anyone interested should contact me."

Contests which are planned include a wheelbarrow race, egg joust, greased pig contest, raft race, scooter race, dance contest, golf tournament, football game, bike race and variety show. Additional activities may be added as plans progress.

"The seed of this idea was brought back from Indiana and the program of events adjusted to our facilities," said Collier. "Whether the seed sprouts depends on cooperation between the faculty and students and the willingness of the people of Western Kansas to attend."

## Leiker Views Social Work

An insight into a social worker's problems is being offered a FHS senior this semester under a new program established between the college and Larned State Hospital.

Cliff Leiker, a sociology major who plans a career in social work, is spending one or two days a week at the hospital observing and working with patients.

"I've found the program interesting and helpful," say Leiker who is also a varsity football player. "It's given me a better perspective into the duties of a social worker."

Cliff Leiker

In his work, Leiker has been interviewing patients and their families as a step in analyzing each patient's problem. He also participates in evaluation and progress meetings at which methods and steps in rehabilitation are formulated.

This is the first semester for the internship program at the Larned Hospital, but Robert Witt, assistant professor of political science and sociology, who helped with arrangements, hopes the number of participants will increase in the future.

"It's an excellent opportunity for students to gain practical experience and see if they really like social work," Witt said.

In addition to his trips to Larned, Leiker meets regularly with Witt to discuss aspects of the training.

Leiker, who plans to enter graduate school next September, is receiving three hours' college credit for his work.

## Dr. Craine is First ASC Professor of the Month

Dr. Eugene R. Craine, professor of history, was named the first professor of the month for this college year in action taken by All-Student Council Tuesday.

Craine, nominated by a special committee and voted on by ASC,

joined the FHS faculty in 1955.

His major interest lies with American diplomacy and Latin-American history and politics. The recipient of a minor in anthropology in college, interest in that area has continued and he now serves as president of the Kansas Anthropology society.

He has traveled considerably, spending three years in the Orient, and going around the world twice.

Recipient of a B.A. degree from Northwest Missouri State College, Maryville, in 1940, Craine received his M.A. from the University of Tennessee in 1946 and Ph.D. from the University of Oklahoma in 1954 where he taught for one year before coming to FHS.

A professor of the year will be voted on by the student body at the end of the year.

Professors chosen must meet criteria established by the ASC nominating committee. The criteria are approved by the Improvement of Instruction Committee composed of seven faculty members, each from a different area of instruction on campus.

The qualifications for the scholarships are that applicants be active members and have an overall grade point of 1.5.

Scholarship applications may be picked up in Ethel Artman's office in Picken Hall, Room 200. Deadline for applying for the scholarships is Dec. 5.

Each applicant will need to obtain a complete college transcript and at least three recommendations, one of which should be from Judy Rinker or Phyllis Bigby, co-advisors of WRA.

The scholarship committee makes the final decision. Last year's recipients were Elizabeth Rabenseifner, Larned junior, and Arlen Estes, Kanorado senior.

## Fulltime Job

Last week a letter from the Campus Boosters praising the football team for its "fortitude" appeared in The Leader. This was a commendable gesture, which evidently received considerable attention but not a great deal of response, judging from the size of the crowd at Saturday's game.

The thought behind this proclamation was certainly a good one; the type that would be expected from the Campus Boosters—all season long. This is the first big effort on the part of this group to back our athletic teams this fall (at least the first effort which was publicized enough to have any chance for success).

It would be revolutionary to see well-organized send-offs, receiving parties and recognition committees supporting our athletes throughout the season, even though this is what one might expect of the Campus Boosters. How about changing final game notes of appreciation into acts of support throughout the season?

## Letter to the Editor

Several events have recently taken place on the Fort Hays State campus which are currently causing concern among a number of students and faculty. Groups and individuals are expressing increasing awareness that a majority of students are missing an important part of their college life because of an attitude of apathy and an unwillingness to participate in campus events.

The Union Program Council spent a major portion of their last meeting discussing this issue. The Student Council was concerned over the extremely poor showing at election time. The Campus Boosters struggle to gain support for the football team. Few students take advantage of the art exhibits, special lectures, or concerts to broaden their education.

The discussion by Program developed during an evaluation of several Union events, principally the recent Union 5th Birthday. The poor attendance at the dance and the Chad Mitchell Trio concert was unexpected. Both the band at the dance and the Trio were much-requested groups. What do the students want? The concert and entertainment scheduled on this campus are comparable to anything offered at any college in the country.

Since it may be that poor attendance is due to a lack of appreciation of the effort and expense involved, the following information concerning "extra" entertainment on campus might be of some interest.

The Chad Mitchell Concert was not a ticket exchange program because such "pops" concerts are not a part of the Artists & Lectures program. The Artists & Lectures Committee cooperates on these ventures to the extent that they underwrite any financial loss.

These programs are offered in addition to an already outstanding Artists & Lectures Series. As long as students and faculty support such programs financially, they can be continued. It seems, however, that students and faculty are unwilling to do this so it must be assumed that they do not want them.

The following figures from such "extra" concerts over the last three years bear this out: (given in order of concert, attendance, expense to college, income and gain or (loss)).

Jimmy Dorsey, 870, \$1500.00, \$1,309.50, (\$190.50);  
Si Zentner, 216, 600.00, 323.50, (276.50);  
Four Freshmen, 800, 1,500.00, 1,600.00, 100.00;  
Limelights, 926, 3,000.00, 1852.00, (1,148.00);  
Hootenanny, 786, gate up to 2,000.00, 1,155.48;

What happened to the initial, obviously freshman-supported enthusiasm that was apparent at the beginning of school at the first pep rally, the Nero concert, and the Philbrick lectures?

To clarify—the concern is not whether such events make money or draw crowds, but in the development of the student. There are 600-800 students who do participate actively in campus events and thus live a more well-rounded college life. It is the other 3,000 students going through college without developing any new interests or social acumen who cause the concern.

The academic life in college is, of course, the place for the major emphasis. However, if the student does not develop socially as well as academically, he will probably find it difficult to take his place in the world on an adult level. Holding a good job and becoming a conscientious member of society will depend not only on academic achievement, but also on the ability to contribute socially. Fear of experimenting and trying something new is sad. How can we ever know what is on the other side of the mountain unless we go over to find out? We can always go back, but few do.

## Some People Think Of Christine Keeler As Being a Liberal

(ACP) — KANSAS STATE COLLEGIAN, Kansas State University, Manhattan, has a London correspondent. Chris Bigsby, a K-State graduate student from England reports:

Christine Keeler is a good thing, although I don't think "thing" is the right word because I remember someone telling me that "thing" is neuter and that doesn't remind me of her.

The year 1963 was Christine Keeler year, and I will always remember it because this was the first time Dad said we weren't old enough to listen to the news.

The whole trouble, as far as I could see, was that Christine had dated a member of the government. That wasn't so bad, I don't think, but she wasn't a Conservative. Maybe she was a Liberal because I do remember someone calling her that. She was very pretty and everyone loved her—even the Russians (and they're very particular.)

Anyhow she went out with the war minister (he arranges wars with the Germans every 20 years or so) but I don't think he liked her very much because when they asked him about her, he couldn't remember her.

Somehow or other this all had a great effect on the Commonwealth. The Commonwealth is very important and exists for the mutual benefit of Britain. Everyone in it recognizes the Queen, even in poor light.

A man named Denning has written a book about Christine, and I have purchased it. It is published by the government by arrangement with Christine, who, by the way, has been jailed for not telling the truth. I can't understand that. Mr. Profumo said he hadn't told the truth and they haven't put him in prison. But perhaps they have only one cell—and you know how people would talk.

## Professor of the Month . . .

(Continued from Page 1)  
meeting for councils from the schools in the CIC, was postponed until sometime in February. It had been scheduled for the weekend of Dec. 14.

The conference was canceled because only two schools had indicated that they might attend and a similar meeting is scheduled at the University of Kansas, Lawrence, on Dec. 13.

ASC selected a delegation to attend the meeting at Lawrence. Going will be Kent Lechlitter, student body president; Eldon Fleury, ASC chairman, and council members Phil Aldrich, George Kay, Jim Rock and Charles Fritzmeier.

Lechlitter appointed and the council approved the following for the public relations committee: Gloria Rusco, Great Bend junior;

Franklin Nelson, Ness City senior; Johnnye Appleton, Wichita sophomore; Nancy Fahrenbach, Jetmore junior, and Kay.

Voting on an amendment approved by ASC which would, basically, abolish the office of class secretary-treasurer and give the vote to vice-presidents in the absence of president is set for Dec. 4. Voting booths will be set up in the Memorial Union Lobby.

## Value of Student Aid Program Explained in Dollars and Cents

Editor's Note — This is the first of three articles written by Sharon Kleweno, Leader Staff Writer, explaining financial aid available to students at FHS.

During the 1962-63 school year, 524 students received loans totaling more than \$222,000.

The Fort Hays State Endowment Assn., under the direction of Kent Collier, made this money available through National Defense, United Student Aid and Institutional loans.

The National Defense Education Act of 1958 created the National Defense Loans. These loans provide funds for elementary and secondary teachers and students whose academic background indicates superior capability for science, mathematics or a modern foreign language.

Funds for these loans are provided in a ratio of one dollar provided locally to nine given by the Federal Government.

In the 1962-63 school year, 256 students received \$162,050 in ND loans, an average of \$633 per student. So far this year, 202 students have applied for NDL with funds expected to reach a total of more than \$203,000, up 25.3 per cent over last year's figures.

Repayment of these loans begins one year after the student graduates and continues over a 10-year period at an interest rate of 3 per cent per year. Full time school teachers are "forgiven" 10 per cent of their loan for each academic year of service up to 50 per cent of the loan.

This year eight new endowment loan funds to-

taling \$15,000 have been added to the existing funds to bring the institutional loan fund well over \$86,000.

To qualify for an institutional loan a student must be at least a second semester freshman with a 1. grade average and be able to show a definite need for such a loan.

The maximum amount of \$200 can be borrowed at interest rates varying from 3 to 6 per cent and the loan must be repaid in the semester following the one in which it was made.

During the last school year, 190 students shared more than \$20,000 from the institutional loan fund; the total number for this school term is expected to increase.

United Student Aid Fund loans are low cost bank loans sponsored by the Kansas Bankers Assn. and applications for such a loan is made through local banks.

To qualify, a student must have spent one year in college. Six per cent interest is charged on the maximum amount of \$3,000. Repayments begin four months after graduation and are spread over 36 monthly installments.

Since FHS began participation in August of 1962, a total of 147 students have borrowed \$80,812.64. Of this, the college provides one of every \$25 made available.

At FHS students and alumni are quite active in helping raise money for the Endowment Assn. Many hundreds of students participate in the Follies, Leap Week and a Concert Choir musical production, which assist students financially.

## 'Day of Reckoning' Approaches For FHS Agriculture Students

By Norman Koontz  
Leader Staff Writer

Seventeen FHS agriculture students will find out how well they have prepared their lessons next week.

The time of reckoning is Monday, when 41 head of Hereford cattle are sold on the Kansas City market after being fattened for 65 days.

Insight to the more specific functions of the farming business is expected to be gained by the men when they make the jaunt to K. C.

They will be with the cattle until they are sold—whether it takes 10 minutes or two hours—then they will be guests of the Consumers Co-op Assn. wholesale department for lunch. A tour of the experiment farm and terminal elevator in Kansas City will follow.

The co-op Marketing Assn. will host the students for Tuesday morning breakfast and a tour of the board of trade.

## Legal Board Airs Views

The Legal Board, a part of Student Court, met recently to discuss procedures of discipline for the year.

Members of the board are Jean Stouffer, dean of women; Bill Jellison, dean of men; Robert Ochs, attorney general, and Leland Brodbeck, chief justice. Kent Lechlitter, All-Student Council president, also sat in on the discussion.

The Student Court gives students an opportunity to work with other students who have broken college regulations. The Legal Board decides where each case shall be referred for discipline.

Ochs, La Crosse junior, thinks that the Legal Board, as it stands, is a good idea. There are some cases that should be kept confidential and these can be handled quietly by the Legal Board, he believes. This allows parties to defend themselves and protects innocent people. Other cases involving general havoc and disregard of regulations can be left to the Student Court.

### SHOULD AULD ACQUAINTANCE AND JAZZ LIKE THAT

I am now an elderly gentleman, full of years and aches, but my thoughts keep ever turning to my undergraduate days. This is called "arrested development."

But I cannot stop the healing tide of nostalgia that washes over me as I recall those golden campus days, those ivy-covered buildings (actually, at my college, there was only ivy: no bricks), those pulse-tingling lectures on John Dryden and Cotton Mather, the many friends I made, the many deans I bit.

I know some of you are already dreading the day when you graduate and lose touch with all your merry classmates. It is my pleasant task today to assure you that it need not be so; all you have to do is join the Alumni Association and every year you will receive a bright, newsy, chatty bulletin, chock-full of tidings about your old buddies.

Oh, what a red-letter day it is at my house, the day the Alumni Bulletin arrives! I cancel all my engagements, take the phone off the hook, dismiss my resident osteopath, put the cheetah outside, and settle down for an evening of pure pleasure with the Bulletin and (need I add?) a good supply of Marlboro Cigarettes.

Whenever I am having fun, a Marlboro makes the fun even more fun. That filter, that flavor, that yielding soft pack, that firm Flip Top box, never fails to heighten my pleasure whether I am playing Double Canfield or watching the radio or knitting an afghan or enjoying any other diverting pursuit you might name—except, of course, spear fishing. But then, how much spear fishing does one do in Clovis, New Mexico, where I live?

But I digress. Let us return to my Alumni Bulletin and the fascinating news about my old friends and classmates. I quote from the current issue:

"Well, fellow alums, it certainly has been a wing-dinger of a year for us old grads! Remember Mildred Cheddar and Harry Camembert, those crazy kids who always held hands in Econ II? Well, they're married now and living in Clovis, New Mexico, where Harry rents spear-fishing equipment, and Mildred has just given birth to a lovely 28-pound daughter, her second in four months. Nice going, Mildred and Harry!"

"Remember Jethro Brie, the man we voted most likely to succeed? Well, old Jethro is still gathering laurels! Last week he was voted 'Motorman of the Year' by his fellow workers in the Duluth streetcar system. 'I owe it all to my brakeman,' said Jethro in a characteristically modest acceptance speech. Same old Jethro!"

"Probably the most glamorous time had by any of us old alums was had by Francis Macomber last year. He went on a big game hunting safari all the way to Africa! We received many interesting post cards from Francis until he was, alas, accidentally shot and killed by his wife and white hunter. Tough luck, Francis!"

"Wilametta 'Deadeye' Macomber, widow of the late beloved Francis Macomber, was married yesterday to Fred 'Sureshot' Sigafos, white hunter, in a simple double-ring ceremony in Nairobi. Many happy returns, Wilametta and Fred!"

"Well, alums, that just about wraps it up for this year. Buy bonds!"

## FHS Harriers To AAU Meet Saturday

Fort Hays State's cross country team tunes up for the NAIA tourney by participating in the Missouri Valley AAU meet at Kansas City Saturday.

One week later the Tiger harriers wrap up the season in the NAIA championship meet at Omaha.

The Bengals will enter two teams in the AAU meet. The varsity team will represent Hays and the second squad will represent the Fort Hays State K Club.

Varsity runners are Don Lakin, Pawnee Rock; Lowell Smith, Clyde; Charlie Rose, Haviland; Jerry Hertel, Ness City; Joe Twyman, Overland Park; Jack Harms, Ellinwood, all sophomores, and Dwight Gillespie, St. John junior.

Runners representing the K Club are Dave Brookshire, Bellmore, N. Y., freshman; Dennis Mannering, Smith Center senior; Cecil Johnson, McPherson freshman; Harry Walker, Englewood senior; Bill Parker, Horton freshman, and Jerry Katz, Deerfield junior.

How well runners do in the AAU meet will determine who will participate in the NAIA, according to Alex Francis, cross country coach.

Last year in the NAIA meet, FHS copped second place making it the third runner-up finish in seven years in the national meet. They finished second in the 1956 and 1961 national meets.

The Tigers trailed Emporia State, who compiled 50 points to 95 for FHS. It was Emporia's fourth national title in five years.

Smith and Hertel carried the load for the Tigers running 15th and 16th in the meet. Lakin battled illness during the race and could finish no higher than 27th in the individual listing.

This season the Tigers have beaten the Hornets twice, but each time the E-Staters were running without one of their top five runners.

# Nine Lettermen Head Squad of 25 Matmen for 1963-64 Season

FHS's wrestling roster numbers 25 prospects, including nine returning lettermen, for the 1963-64 season.

The Tiger matmen begin their 14-meet schedule Dec. 10 with a dual meet at Kearney (Neb.) State.

Grapplers are:

115 pounds — Roger Buck, Atwood sophomore, one-year letterman, eligible second semester; Sid Cooley, Salina sophomore, one-year letterman; James Noel, Wichita freshman.

123 pounds — Lee Albert, Wichita sophomore, Hutchinson Junior College transfer.

130 pounds — Glenn White, Newton freshman, state high school champ last year.

137 pounds — Scott Kiehl, Wichita sophomore, one-year letterman; Terry Deibert, Hoxie freshman, and Ed Hanson, Atwood freshman. Hanson was third in his weight class in last year's state high school meet.

147 pounds — Ed Scott, Liberal junior; Charley Adams, Colby freshman; Bob Brown, Oberlin freshman, and Tom Perkins, El Dorado freshman. Brown and Adams were first and second, respectively, in 1963 state meet.

157 pounds — Vic Lyczak, Northbrook, Ill., junior, two-year letterman; Fred Scott, Liberal junior, one-year letterman; Ray Kline, Salina sophomore, eligible next semester, and Dennis Bangert, Russell freshman. Kline is a Kansas State University transfer.

167 pounds — Del Erickson, Atwood senior, three-year letterman; J. D. Crabbs, Hutchinson junior, one-year letterman; Ken Ruda, Atwood sophomore, one-year letterman; Pat Peterson, Clyde sophomore; Dennis Hupfer, Russell freshman; Garvin McDaniels, Douglass freshman. McDaniels took second place in the state high school meet.

177 pounds — Jim Tinkler, Russell senior, two-year letterman; Edward Morse, Oakley freshman.

Heavyweight — Martin Landwehr, Wichita freshman.

Nearly half of the squad members—12 of the 25—are freshmen. Coach Dave Winter expects to rely heavily on these newcomers in the lighter weights.

Tinkler is the top returning scorer from last year. He ranked second on the 1962-63 squad, Lyczak was fourth, Erickson fifth and Ruda sixth. Don Keller, top wrestler in the won-lost column last year, is ineligible this semester.

This year's co-captain are Erickson and Tinkler.

**ROOKIE OF THE YEAR** — Bob Johnson, Logan freshman, demonstrates the form which earned him that title. Here Johnson stiff-arms a Bulldog tackler for a sizeable gain.

## Tiger Grid Season Ends With Loss to Bulldogs

After trailing, 14-7, at halftime, the Southwestern Oklahoma State Bulldogs came on strong to defeat FHS, 19-14, at Lewis Field Stadium Saturday night in the season finale for both teams.

Following intermission, the Bulldogs closed the gap to 14-13 on a 69-yard scoring march in the third quarter and set up the winning tally in the final quarter on an interception of a Tiger pass.

Fort Hays State scored their two touchdowns on scoring jaunts by Bob Johnson, the first for one yard and the second for 52 yards. Johnson accumulated 156 yards total offense for the game.

Another Tiger touchdown was nullified in the first quarter. Halfback Jack Johnson sprinted 61 yards to the end zone, only to have the run called back because of an offside penalty.

Twice the Tigers drove within scoring distance only to be halted abruptly. The first, early in the first quarter, ended on the Bulldog four-yard line after a 56-yard march. The second, early in the second half, was broken up by a fumble on the SWO 23.

Southwestern Oklahoma fullback Alford Mitchell rushed for 94 yards on 19 carries and led the Bulldogs with two touchdowns, the first on a two-yard plunge and the last on a 10-yard run.

Bulldog halfback Bill Crockett led both teams in individual rushing with 149 yards on 22 carries, including a 19-yard TD sprint.

Late in the fourth quarter, Bulldog end Virgil Nason grabbed a Bob Johnson pass on the 38 and returned it to the Tiger 31 to stop what appeared to be a promising Tiger march.

However, FHS held on and took over after field goal specialist Russell Freeman missed a 19-yarder. Six plays later, including an

automatic first down after Southwestern was called for pass interference, the Tigers found themselves in trouble back on their own three-yard line.

With a fourth-and-25 situation, punter Ronnie Morel ran 35 yards out of the spread punt formation, and Fort Hays State gained another 15 yards for a face mask violation.

Johnson then threw a pass which was incomplete and, with 12 seconds left, the freshman signal-caller maneuvered for 27 yards to the SWO 19-yard line.

The drive, 78 yards on just three plays, came too late. The time ran out on Johnson's final run.

Johnson received support on offense from halfback Jack Johnson who contributed 75 yards on 16 carries and fullback Steve Worley who added 41 in 12 trips.

Leading the Bengal tacklers was junior linebacker Dave Jones with 15 and sophomore Ken Ruda with 13 stops. Senior guard Jack Hazlett figured in nine, halfback Bob Anthony in seven and senior guard Kirk Pope in six.

## Tigers Named for Squad Awards

New players on this year's Tiger football team took four of the six annual squad awards. Coach Wayne McConnell announced Saturday the winners of the awards.

"Best Lineman" and "Most Inspirational Player" awards were earned by junior guard Dave Jones. The 194-pounder played both on offense and defense. Jones is a graduate of Wichita St. Mary's High School and played football two years at Dodge City Junior College.

Jack Johnson, Kansas City junior, earned the "Best Back" title. Johnson was a defensive halfback the first of the season and offensive halfback the latter part, finishing third on the season tackle charts and second on the Tiger rushing list.

"Rookie of the Year" honors went to Bob Johnson, Logan freshman, who was the Tiger starter at quarterback in the last five games of the season and averaged 118 yards total offense per game during that time.

Seniors Kirk Pope and Larry Dreiling, both four-year lettermen, were selected honorary co-captains of the Tiger squad. Pope is from Selden; Dreiling from Hays.
